Annex to the letter dated 24 April 2008 from the Permanent Representative of Turkey to the United Nations addressed to the Secretary-General

23 April 2008

Upon instructions from my Government, I have the honour to refer to the letter dated 15 April 2008, addressed to you by the Greek Cypriot representative and circulated as a document of the General Assembly and of the Security Council (A/62/803-S/2008/253), which yet again contains well-known allegations of violations of "international air traffic regulations and the national airspace of the Republic of Cyprus", and to bring to your kind attention the following:

As stated in our previous communications addressed to you, habitually repeated allegations by the Greek Cypriot side of so-called "airspace violations" are totally unfounded and are rejected in toto by our authorities. The present allegations do not merit a detailed reply as they are of a similar nature. However, I wish to emphasize, once again, that flights within the sovereign airspace and flight information region of the Turkish Republic of Northern Cyprus take place with the full knowledge and consent of the appropriate authorities of the State. The Greek Cypriot administration in South Cyprus has no jurisdiction or right of say over flights within the national airspace of the Turkish Republic of Northern Cyprus. Furthermore, it should be emphasized that allegations of so-called violations of air traffic regulations are invalid, as the civil aviation authority of the Turkish Republic of Northern Cyprus is the only competent authority to provide air traffic and aeronautical information services.

The Greek Cypriot administration should be reminded, once again, that its counterpart is, and has always been, the Turkish Cypriot side, not Turkey. I also deem it imperative to point out, once again, that the attitude demonstrated by the Greek Cypriot representatives in their constant repetition of false claims is nothing more than rhetoric, which unfortunately wastes the precious time and energy of the international community. I would also like to reiterate our call to the Greek Cypriot side that it should abandon its counterproductive policies and instead concentrate on taking concrete steps towards building trust and confidence between the two peoples on the island, which would also be in line with your latest report on the extension of the mandate of UNFICYP, where you have underlined the significance of the endeavour regarding the lifting of the isolation imposed on the Turkish Cypriots.

I should be grateful if the text of the present letter could be circulated as a document of the General Assembly, under agenda item 22, and of the Security Council.
